

SCBA Grants & Loans

All applications to SCBA for grants or loans should be accompanied by a note explaining:

- How this will enhance the individual's ministry; or serve their church or the association.
- That it is supported by their church, or by the church meeting in the case of an award to a church.
- That a report will be presented to SCBA after completion showing that the expectations have been met.

Mission focus

Loan applications which clearly demonstrate the connection between loan applications and the applicant church's opportunities in mission will be viewed most favourably.

What is the application process?

- Application forms are obtained from the Association Treasurer by emailing treasurer@scba.org.uk.
- The forms are completed and returned to the office with a copy of the church's last set of audited or independently examined accounts and a letter of application. The accounts will be reviewed by one of the Association HM auditors. The letter of application will outline the mission focus/added mission value of the proposed project in the life of the church.
- A visit may be arranged with an Association Team comprising a Regional Minister and a member of the Staff, Finance and Admin Strategy Group (SFA). This would be similar to that undertaken when considering a HM grant. A written report will be produced. When a BU Loan Fund or Baptist Building Fund report is available this will be sufficient.
- The application will normally be considered at (SFA) meeting immediately following the completion of the application process.
- The SFA have discretion as to the level of scrutiny that any given application should receive.
